

POST-CONFIRMATION PROGRAM

Camp Jubilee, North Vancouver

August 29 – September 2, 2022

**ADULT LEADER
RESOURCE GUIDE**

Archdiocese of Vancouver

MINISTRIES AND OUTREACH OFFICE

May 2022

Dear Adult Leader,

Thank you for supporting the youth in your parish and/or school and for supporting youth ministry in the larger community of the archdiocese. You will be an integral part of the *Searching in the Spirit* week. You are a role model for the youth: an example of life after Confirmation and not simply a chaperone.

The Parent Resource Guide is available online:

<https://beholdvancouver.org/events/searching-in-the-spirit-2022>

In this parent guide, we have provided parents with information, schedules, daily prayers, and suggestions for preparing their child, and welcoming their child back from the event.

Parents need to be involved with the event so that there is complete support for the participants.

Please familiarize yourself with and photocopy the pages in the *Parent Resource Guide* and distribute them to the parents of each participant. If you are the Group Contact Person, please collect these forms and the Heart-to-Heart letters to their children and transcribe the appropriate information to the online registration form. *All original forms must be submitted to the Ministries and Outreach Office before your group gets on the boat to Camp Jubilee. We cannot guarantee special needs will be met if you do not include that information on the online registration form.

*Please fill in the blanks with YOUR group's specific information on the following forms in the **Parent Resource Guide** before you photocopy and distribute them to the families:*

- *Family Refrigerator Reminder List*
- **Some Key information:**
 - **Dates of the retreat: Monday, August 29 to Thursday, September 2**
 - **Location: Camp Jubilee, North Vancouver**
 - **Cost: \$450 per person (Youth and their Adult Leaders accompanying them must pay the fee).**

As well, have the parents pay attention to the Packing List on page 2, as we have updated it this year with very important information for all participants and leaders.

You are strongly encouraged to meet with the participants from your parish in advance of, and following, *Searching in the Spirit*. Please help organize the meetings and fill out the meeting times at the bottom of "Refrigerator Reminder List." **The Head Adult Leader must know all the participants** in their group **PRIOR** to getting to the dock on August 29, especially those with special needs and/or considerations. We recommend meeting with and talking to the parents of all your participants.

Again, we thank you for your support of and work in youth ministry. We look forward to meeting and working with you in August. May God bless you as we all prepare for the *Searching in the Spirit* program and especially touch the hearts of the youth who will be attending.

Peace be with you!

SEARCHING IN THE SPIRIT

LEADER RESOURCE

One of the biggest mistakes we make in offering retreats to young people is not making any connection between the retreat experience of community and their parish community. There is often a “disconnect” between the spiritual and emotional highs experienced during a retreat and the realities of everyday life.

** It is very important that parish leaders and adult leaders work to prepare their youth for the program and follow-up with them when they return to their homes, schools, and parishes.

Included is a Job Description that outlines your duties and responsibilities as an Adult Leader. Also, we have included two suggested meeting plans that can be used to gather youth before *Searching in the Spirit* and to reflect with them after the week. These meetings should be used to help develop relationships not only among the youth, but also with adults in their parish who can share the vision of a community on fire with love for God and for one another.

RESOURCES

The following materials are provided as guidance and support to adult leaders accompanying youth to the post-Confirmation program:

SEARCHING IN THE SPIRIT

KEY CONCEPTS

WE ARE SACRED

We can see the world through God's eyes. The Holy Spirit is the "*rûah*," the breath of creation. The Holy Spirit is the life-breath in each of us, making each of us unique, special, and precious sons and daughters of God.

WE ARE SERVANTS

We can be the *hands of Christ*. Our faith grows and becomes stronger with the anointing of the Holy Spirit. We must keep in shape by exercising our gifts in prayer and in living out the values of our faith in service to others. We must become Beatitude people.

WE ARE FORGIVEN

Our hearts were made for God and for each other. By His death and resurrection, Jesus has broken the barrier that sin puts between us and God. The Holy Spirit converts our hearts of stone into hearts of flesh, filling us with generosity, self-control, and kindness so that we may grow in our relationships with family and friends. With *forgiveness* comes transformation: new life. We are an Easter people.

WE ARE WITNESSES

We can hear the voice of God speaking to our souls. The Holy Spirit makes us aware that we are in God's image. In contrast to the media of today, the Holy Spirit shows us our *true image* (child of God) and what really fills us (God's love). Although we are imperfect, with the help of the Holy Spirit we can image God for others, becoming signs of His love in this broken world.

WE ARE ONE BODY

Together, we are the Body of Christ. The Holy Spirit keeps each individual unique yet unifies us into one body with Jesus as our head. The Holy Spirit is the life force of the Church which, as *One Body*, carries on the work of Jesus in the world today.

SUGGESTED PRE – EVENT GATHERING SESSION “FIRE AND WIND”

For an opening activity, **set** strange, unknown objects (e.g. ornaments, mechanisms, rough surfaced objects, etc.) in separate dark cloth bags.

- ❑ **Give** a bag to each group (make sure no one peeks). **Tell** the groups that if anyone peeks into the bags, that it will ruin the activity for them. They will find out later. Allow them to put their hand inside and feel the object. Have them write down as many descriptive words as they can about it.
- ❑ **Explain** to them that they know many things about it, but that they cannot totally know what the object is. There is *mystery* behind it. Some things can be understood only partially at a certain time. Have them **state** to the group the main descriptions and hypotheses they have about the object. Finally, **pull** the object out.

Tell them that there are also mysteries in our faith; things we know partly about, but do not understand fully.

- ❑ Write down on a flip chart their descriptions of what they think the Holy Spirit is. We do not fully understand everything about the Holy Spirit, but we know a lot about it. It is just like the mystery bags, or a friend who we are trying to get to know.

Say to them two central symbols that speak to us about the Holy Spirit: *Fire and Wind*.

- ❑ Bring a candle and a fan to be more concrete with these symbols.
- ❑ Break up into their small groups to complete the “Seeing Myself in Wind and Fire” worksheets individually.
- ❑ Discuss those and the questions in the groups.
- ❑ Speak of what you personally have discovered about the Holy Spirit.

Ask if they know what Pentecost is.

- ❑ When Jesus physically left this earth to be in Heaven, He left us the Spirit.
- ❑ Extend their understanding by telling them that the Spirit came down like a wind with fire; coming to **affirm, strengthen, and challenge**; to let us know that we are doing well; to help us continue to do well; and to ask us to go further.

Brainstorm way in which God communicates to us (e.g. people, events, prayer, etc.)

- ❑ These are some of the ways in which God reveals himself to us.
- ❑ This is the Holy Spirit at work.

Write on another sheet on the flip chart three different sections: ***affirm, strengthen, and challenge***.

- ❑ As a large group, fill-in the sections with ideas of how the Spirit does this. One idea might fit one, two or all the sections.

- ❖ For example, the development of a baby in the mother’s womb. The Spirit affirms the marvelous universe and the Parents love for each other. The Spirit challenges the couple to love and care for this created being.

Share how the Holy Spirit has inspired you to become more ***affirming, strengthening, and challenging*** like himself.

Note that these characteristics are at the core of being a good leader.

- ❑ It is being more ***affirming, strengthening and challenging*** to others, that the Spirit can guide us to lead in a beneficial way.
- ❑ We lead for the good of God and others, not for ourselves. This is hard to do.
- ❑ We have taken steps by being Confirmed and participating on this retreat.

Discuss: Have we just begun the journey, or have we reached our destination?

Have the youth **prepare and present skits** about these characteristics. They can be creative and invent their own scenario or use an example you give:

- ❑ A good friend is dumped by her boyfriend.
- ❑ A younger brother is getting into fights at school.
- ❑ A friend makes the basketball team, as you make only the “B” team.

After each skit, the group picks out what and when the characteristics were done.

If it is already known by some of the group, sing the song, “Every Day” by Jacob and Matthew Band or another upbeat song.

Seeing Myself in Wind and Fire

Circle the letter of the phrase that best completes each sentence for you. Then briefly explain your choice. Be prepared to share your answers in a small group.

SUGGESTED POST – EVENT GATHERING SESSION “CONTINUING OUR FAITH”

Listen to the song, “It’s a Matter of Love”, by Anointed (Fun Attic Music/Word Music). Point out the group’s name and write out the word beforehand for the youth to see. Discuss what it means and how it applies to “Searching in the Spirit”.

Introduction: The song spoke of it “being a matter of love,” but it is difficult to know what love is.

- ❑ There are different types of love. There is love we have for a pet; the love some might have for a tough coach (a “rugged” love); the love we have for family; the love we have for friends; the love married people have for each other; the love a parent has for her child.
- ❑ Then, there is the unconditional love that God has for us. We will be talking about sharing this love and the gifts of God with others. We can do this in many different ways.
- ❑ Sharing God’s love involves leadership.

Ask youth to recall the three ways the Spirit is with us:

- Affirming, strengthening, and challenging.
- We need to keep these in mind when using our God-given gifts.

With the Holy Spirit with us, **we need to ask:**

- ❑ What can we do at our school and community to explore and enrich the gifts that the Holy Spirit has given us?
- ❑ **Write** answers on the flip chart.

Next, ask the question:

- ❑ What can we do at our parish to explore and enrich the gifts that the Holy Spirit has given us? (E.g. being a lector, participating in youth group, teaching a catechism class, visiting nursing homes, serving refreshments at parish functions, participating in a 30 Hour Famine)

Break into small discussion groups.

- ❑ Have each group **select** one of the preceding activities, and explain what gifts they would be fostering and how they would be giving a gift back to God.
- ❑ Ask them to be creative with the presentation of their findings, perhaps by having two ways to do something (e.g. what it would be like being a lector/reader having the intention of only making yourself look good, versus being responsible for the faith and serving the community and God).

In large group, talk about how, in using our gifts to serve the Body of Christ, we add to the lives of people around us and actively praise God for what he has given us.

- ❑ We need to pray for wisdom; so that we use the gifts we have been given to serve God rather than ourselves.
- ❑ Our faith is not something to be kept to one part of our lives, but should spill over into other parts of our lives.

Draw them to analogy of our body as being a system, which is interconnected in a complicated way:

- ❑ What would happen if we had an irregular heart? Think of how this would affect the rest of our body, mind, and soul.
- ❑ Much is also affected when something good happens to our bodies (e.g. toothache gone = better able to think, eat, play.)
- ❑ When we choose a good decision in using our gifts in one situation, it floods into other areas (e.g. Eucharistic Minister becoming more reverent = becomes more reverent to life and the environment.)

Share how it is true for you (or invite someone from the parish to share) that God adds a lot to every aspect of our lives once we begin to serve Him.

Allow some time for honest, but not too personal, questions.

(It is good to give the youth a good example to listen to. It gives them hope in what they can become, and they love to listen to someone's life story. Many do not know why, for example, a priest would become a priest.)

Close with a prayer:

God, with the dawn of a new millennium upon us, our world is in a desperate search for hope. We seek peace in the world, and end to cruel injustices, and a brotherhood of love.

We aspire to become the people of generosity and selflessness we are called to be. Show us how to be leaders in the struggle for a peaceful, loving world.

Help us to be unafraid of what others will say about us and to courageously follow the example of Your Son, Jesus Christ.

Keep alive in our minds and hearts the desire for a better world. Help us to use our gifts in Your service, always reaching out to those who are lonely or in great need.

Strengthen us with your Holy Spirit, Lord, so that we may be able to truly say, "Yes, I can make a difference."

Through Jesus Christ, our Lord. Amen.
